

# **DONGGUAN FYRNETICS**

## **FIRE ALARM COMPONENTS**

### **AVIENT SOLUTION**

Stat-Tech™ ST7400-8010 ESD Formulations

### **WHY AVIENT?**

- Formulated material to meet all customer's CTQs and support sensor's certification for sensitivity and accuracy
- Provided shorter lead time than previous material supplier, plus excellent service to support material change
- Tested surface resistivity using ASTM D257 method, achieving result of E3-E4

**[LEARN MORE](#)**

### **KEY REQUIREMENTS**

- Excellent conductive performance, EMI shielding
- Excellent IR absorption
- Quality stability
